NON-RESIDENT PUPILS IN APPROVED HIGH SCHOOLS.

I. **ADMISSION** shall be granted as non-residents,

(1) To pupils who had been admitted to any Approved High School before 1915. (Pupils changing from one High School to another must present a letter of creditable transfer or a diploma from the former school.)

(2) To pupils who present a County Superintendent's Admission Certificate.

II. **ATTENDANCE** is paid for by the State (up to 250 pupils in each County.)

(1) If the pupil is a non-resident of the district maintaining the High School;

(2) If the pupil has completed the most advanced grade of the school maintained in his residence district;

(3) If the pupil maintains a standing in work and conduct satisfactory to the Principal of the High School, and to the State Board of Education.

(4) If as a State-tuition-paid pupil of a High School in the preceding year, the pupil was promoted to the next higher grade or class, or if there is a satisfactory reason for the non-promotion.

III. **THE ENTRANCE EXAMINATION** for non-resident pupils will be conducted on Saturday, May 6, 1916, at several places in each County, to be announced later by the County Superintendents. The examination will include matter prescribed in the Course of Study up to and including Grade VI in these branches: Reading, Writing, Spelling, U. S. History, Political Geography, Physiology, Arithmetic, Grammar or Language..

For admission to the examination, a pupil must have completed at least Grade VI and must present a certificate from his teacher or Principal certifying attendance of the school and stating (by number) which grade the pupil has completed. (Blank forms of this certificate can be secured from the County Superintendent).

SCHOOL LIBRARIES.

Very few of our District Schools have even a small collection of books suitable for pupils to read. One of the many duties that rests upon the teacher is **to direct her pupils in the reading of good literature.** It would be well, if she could by some means purchase a few good books to form the nucleus of a school library. This could be added to each year without much effort. The fact that the school has no books at all need not interfere with the wide-awake teacher. Fortunately, the State Library Commission of Delaware has a number of Traveling Libraries which can be loaned to any school, college or seminary, upon application of the Teacher or Principal and his agreement that the rules of the commission will be observed. Each of these libraries contains about fifty carefully selected books, half or more of them especially suited to school children. Any of our teachers may have the loan of one of these libraries for three months with privilege of renewal. Transportation, except local carriage, is free.

DELAWARE COLLEGE

Delaware College, the State College for men, was founded in 1833; the Women's College of Delaware, the State college for women affiliated with Delaware College, was founded in 1914. These dual colleges are owned and controlled by the State, and are supported conjointly by the State, Federal Funds and donations from Alumni and other friends.

Delaware College has the following departments of instruction:

1. **Arts and Science,** a four years' course, leading to the degree of Bachelor of Arts or Bachelor of Science.
2. **Agriculture,** a four years' course, leading to the degree of Bachelor of Science.
3. **Engineering,** Civil, Electrical, Mechanical, and Chemical, four years' courses, leading to the degree of Bachelor of Science in Engineering.

A practical course in Agriculture of two years, leading to a certificate, is offered to students of sufficient maturity who for good reason are unable to meet the usual entrance requirements of the College.

Tuition free to all Delaware students.

The following courses of study are offered by the Women's College of Delaware:

Arts and Science, four years' course, leading to the degree of Bachelor of Arts and Bachelor of Science.

Education, four years' course, leading to the degree of Bachelor of Science in Education.

Home Economics, four years' course, leading to the degree of Bachelor of Science in Home Economics.

Also a two years' course in Education or Home Economics, leading to a certificate, but not to a degree. Students of sufficient maturity who have not completed a regular high school course will be allowed to take the two years' course in Education or Home Economics, provided they can satisfy the Entrance Committee that they have had adequate preparation.

It is desired that every candidate for admission to either of the colleges shall have completed a four-year high school course of study.

Public Schools: Teachers and Officials.

SUSSEX COUNTY

Name of Clerk or Secretary for 1915-1916.

School Statistics are from the Teacher's Annual Reports for 1914-1915

EXPLANATION.

SCHOOL DIVISION, DEPARTMENT OR GRADES: The Roman Numerals specify the grades belonging to each school room. Grades connected by a dash means that those grades and all between belong to the room. Grades connected by & means that only those enumerated belong to the room.

ENROLLMENT: Total number of different pupils who attended school.

TERM: States number of days school was open.

DISTRICT NUMBER IS GIVEN: District name is omitted for lack of space. Name can easily be ascertained by reference to the district number in the list of teachers.

AVERAGE BELONGED: States the average number of school days each pupil belonged.

AVERAGE ATTENDED: States the average number of days each pupil attended school.

New Castle County

NAME OF THE CLERK OR SECRETARY FOR 1915-1916.

SCHOOL STATISTICS ARE FROM THE TEACHERS ANNUAL REPORTS FOR 1914-1915.

EXPLANATION

SCHOOL DIVISION, DEPARTMENT or GRADES: The Roman numerals specify the grades belonging to each schoolroom. Grades connected by a dash means that those grades and all between belong to the room. Grades connected by "&" means that only those enumerated belong to the room.

ENROLLMENT: Total number of different pupils who attended school.

TERM: State number of days school was open.

DISTRICT NUMBER is given: District name is omitted for lack of space; name can easily be ascertained by reference to the district number in the list of teachers.

AVERAGE BELONGED: States the average number of school days each pupil belonged.

AVERAGE ATTENDED: States the average number of days each pupil attended school.
